

Specification Sheet

Securelock Smooth Tail (ST)

The **SecureLock Smooth Tail** is a pull-through seal with 2.3mm diameter smooth tail with metal insert, moulded in **high-quality food-grade polypropylene**.

The seal features a **black surround** on flag area, for high contrast laser-print marking. It is compliant with the European regulations for plastics intended to come into **contact with food**. The Secure Lock ST is available in three sizes and a range of popular colours.

Optional **duplicate labelling** on reverse of flag can be used as part of operations, such as a customer receipt or logistics log book.

Applications

Boxes and bins, hatches, roll cages, airline cargo, lockers & tote boxes / attached lid containers
