

## Specification Sheet

# UNI416 Security Seal

The UNI416 is a small pull-through security seal with metal insert, available in **three lengths**. The UNI416 seal features a 2mm diameter tail with **12KgF pull-strength**, suitable for sealing small enclosures e.g. **ATM cassettes, airline trolleys & crates**.

The seal is moulded in polypropylene as standard, with stainless-steel locking insert. Alternatively, **nylon option** available in XL version suitable for **cold-temperature** or higher **break-strength** requirements (up to **20KgF**).

### Applications

Enclosures, such as ATM cassettes, tote boxes, election boxes and airline trolleys, secure transportation, fuel / tanker valves

### Size Guide

Short	185mm (useable 110mm)
Long	235mm (useable 160mm)
Extra-long	320mm (useable 245mm)

### Packaging

	UV416-S	UV416-L	UV416-XL
Quantity	1,000pcs	1,000pcs	1,000pcs
Carton Dimensions	23x20x35cm	23x25x35cm	23x33x35cm
Box Weight	2.4kg	2.6kg	3.2kg
Pallet Info	100x120x225cm (150,000pcs)	80x120x225cm (90,000pcs)	100x120x225cm (90,000pcs)

### Technical specs

Operating temp:	-20°C to +80°C (PP) -40°C to +80°C (PA)
Tensile strength:	12kgF (PP) / 20KgF (PA)

### Available Colours

Full range of colours available.

### Material

Polypropylene. Optional Nylon.

### Customisation Options

Organisation logo, bespoke text and markings, sequential numbering / barcoding / QR codes.

Laser-printed. Thermal and hot-stamp printing also available on request.
